

The Oxford County Citizen

VOLUME XIV.—NUMBER 4.

THURSDAY, JUNE 11, 1908.

\$1.50 IN ADVANCE.

COMMENCEMENT AT GOULD'S ACADEMY.

Concert By Erato Quartette, Reception Friday Evening.

Commencement week is indeed the home coming week in Bethel. It is then that many return to meet old friends and attend the Gould's Academy commencement exercises. This year has been no exception; the past week brought many friends of the school to Bethel to enjoy the graduation exercises of the school.

Thursday was one of those delightful days, rare but ever appreciated and the afternoon brought a large gathering to Odeon Hall to listen to the exercises of the class of 1908. Never did Odeon Hall present a more pleasing and attractive appearance than upon this occasion. Pink and green were the class colors and the rear of the platform showed a shield about a background of green, while in front were potted plants and above was the class motto Labor et Honor.

The various classes bearing their class banners were marshaled to the seats reserved for them.

(Continued on page two.)

SPOTTER EVIDENCE

Convicts A Dozen Rumsellers at Rumford Falls This Week.

Monday afternoon the liquor dealers, of Rumford Falls, were given another shock, in the arrest of a dozen men on "spotter" evidence.

A few cases were heard by Judge terms, Monday afternoon. Dan McAfferty was fined \$50, and costs; and paid, also Frank Pelletier, James Gallagher, Edward Peters, Fred Price, and Juli Bouchard were sentenced to jail, and each appealed to the October term of court.

Tuesday the cases that were heard disclosed some sensational and peculiar situations.

County Attorney Barnes was present to prosecute the cases, and the evidence showed that a young man, named Leslie R. Curtis, 17 years old, had gathered evidence, which consisted of half pints of whiskey that he had bought of the respondents.

He took his purchase to deputy sheriff Perkins in each instance, and it was labeled by Mr. Perkins, and as each case was called the bottle was produced and identified by both Curtis and Perkins.

Frank Raymond, Joe Dugie, and Arthur King were convicted and sentenced to pay a fine of \$50, and costs of court. They each agreed to quit the business. L. W. Blanchard and Esq., appeared for the respondents.

BASE BALL.

Gould's Academy V8, Goulds Alum.

On Friday afternoon, June 5th, Gould's Academy played her last game of the season 1908, with Gould's Alum. With the exception of the first inning, this was a very close and exciting game. But in the first Gould's out Richardson and obtained six hits which settled the game. After that both the pitchers kept the hits well scattered.

On the whole this has been a fairly successful season for Gould's, winning four of the six games played with other school teams. Of the two games lost, one was a Mercury and at that time three of Gould's best players were out in the game on account of sickness. And the other game lost was at Bridgton, after Gould's had ridden 36 miles, and was not in condition for best work.

The boy that takes his hat off when he enters the house is the one who really has his hair combed and his face clean, and the girl who says "please," and "thank you," is always prettier than the one who forgets these little things. You just look around and see if this is not true.

A RUMFORD TOWN MEETING CALLED.

A Carriage Bridge Over The Androscoggin.

To Replace The Foot Bridge Is The Issue.

From time to time since the development of business at Rumford Falls has reached its present proportions the desirability of a carriage bridge over the Androscoggin river in the place of the foot bridge has been discussed, and while no favorable action has resulted, the need of such a bridge has been generally admitted.

The continual growth of the west side, both in its residential and business sections, makes the need much more urgent than before.

Because of this increasing need a special town meeting has been called by the selectmen, at the instance of 100 of the voters of the town.

To see if the Town will vote to build a bridge.

(Continued on Page 7.)

TOWN OF BETHEL.

Almost One Hundred and Twelve Years Old.

Those interested in local history should bear in mind that Bethel as a legalized town will soon be 112 years old. On June 10, 1796 the General Court of Massachusetts acted favorably upon a petition from a township beyond Fryeburg and above Lewiston Falls on the Androscoggin river, in the district of Maine, and incorporated Bethel into a full fledged town.

The events prior to this date might prove helpful in forming a goal idea of the long distance our town has traveled during the past century and a quarter.

Early records of the Massachusetts archives show that in 1707 the descendants of many soldiers who left Sudbury, Mass., and surrounding towns on the Colonial Expedition against Canada in 1690, prayed the General Court for their share of land which was to be given as a pension, or reward to the unfortunate soldiers for services rendered. After years of unsuccessful prayer, long delays and justice was at last done the claimants and a township called Sudbury, in honor of the home town of the applicants, and Canada, in commemoration of the unfurling of the flag, was granted in 1708. It was clearly stated in the legal documents that this tract should be surveyed six and three quarters miles square, on both banks of the Androscoggin river, and not interfere with any previous grants. Evidently the early townsmen had much of the spirit which has developed to perfection in our age, and in laying out this tract, over reached the original bounds, so to-day the present town measures on an average, nine and one half miles long by five and one half wide and very irregular.

On December 5, 1799 the petitioners, otherwise known as Proprietors, called a meeting to transact business and to formulate plans for a settling campaign. A forty shilling tax that was imposed on each land owner seemed to prove a burden, so many not interested directly in the newly acquired prize sold their title or lost entirely for the non-payment of said tax. Thus the property readily drifted into the hands of a few with a speculative view.

The one important wave which seemed to be important in opening the primeval forests of the new Sudbury, was the sale of a large parcel of land, called the "Mill Lot," to Capt. Joseph Twitcheall of Sherborn, Mass., for the sum of 15 pounds, silver. This tract included not only the "Mill Brook" locality, but most of the land where the village now stands.

Some doubt if Capt. Twitcheall ever personally visited his property, but we are sure that his son Eliza Twitcheall came in 1774, made a clearing on the brook, built a few log cabins and finally erected a saw mill, where the present stone dam is located on Mill brook. Five years later he cleared another spot a short distance down stream, where a grist mill was carefully built and soon in operation, to accommodate a few scattered families. This mill proved to be the first frame building in town, and is still in use today by Mr. Tom Morrill, at the foot of Mill Hill, for his straw business.

During the Revolutionary period, many who intended to immigrate here, were absorbed by the patriotic forces, thus the plantation progressed slowly in culture until years set men free, and steadily others sought the new country by following the blaze trail from Fryeburg through Waterford and Albany to Bethel. The Indian raid occurred August 3, 1791 on the defenseless clearing of Jonathan Clark's was the big river, down the Sudbury farm.

(Continued on Page Seven.)

THE ISLAND SAVED BECAUSE OF CALM.

Old Cates' Building on River Street.

Rumford Falls, Gutted by Fire, 3 A. M., Saturday.

A windless calm pervaded Rumford Falls, Saturday morning, and to that fact the safety of the island business blocks is due.

At 3.30 Saturday morning the alarm from box 26 called the department to the old Cates' building on River street situated directly in the rear of F. O. Walker's store. This is a three story, six tenement house, and was the home of five Polander families.

Just how the fire started is not known, but it was on the middle or upper floor when first seen by Mrs. Brown who has a room in F. O. Walker's tenement. She heard the noise of the people getting out their household effects, and stepped upon the back piazza of the tenement to be confronted with flames streaming up from the windows and doors.

She cried, "fire!" and Officer Roach rang in the alarm. Seeing the headway the flames had made, and the extreme danger of their spreading, he rang in a second alarm and called out the whole fire department.

There were soon streams of water from all sides of the building directed upon and into it, and although the fire was extinguished in about half an hour's time the building was badly burned from the first floor to the roof and thoroughly soaked with water.

Several of the families succeeded in getting out some of their household belongings. The top story families lost all they had. Some of the women had beds set up on the river bank and found some repose there after the fire was out, until the day had advanced so they could make other arrangements.

(Continued on Page 7)

ARNO-CUSHMAN.

The home of Mr. and Mrs. E. L. Arno of Bethel was a scene of beauty and happiness last Monday evening, when a few friends gathered to witness the marriage of their daughter, Lula to Mr. Chester Bowler Cushman.

The parlor was prettily decorated with green and white; the bay window was a bower of loveliness, while cut flowers adorned the room, and ropes of green entwined the doors.

At 8 o'clock, the notes of the wedding march, played by Edith Marston, sounded and the bridal couple took their places in the window. Rev. Mr. Banghart, pastor of the M. E. church, in a very impressive manner, performed the ceremony, the double ring service being used. The bride was beautifully attired and carried a bouquet of white sweet peas.

Mrs. Cushman is a graduate of Gould's Academy and since her graduation has been a faithful employee in the CITIZEN office, where the groom is also employed as linotype operator.

Both Mr. and Mrs. Cushman are among our most highly respected young people and have many friends which fact was emphasized by the display of presents, which consisted of many pieces of silver, pictures, linen, etc.

The happy couple departed on the late train for Niagara Falls. Upon their return, a month's vacation will be spent at Montville, Mr. Cushman's home.

The best wishes of the CITIZEN and all of its employees as well as those of many friends are extended at this time for a long and happy wedded life.

GOULD'S ATHLETIC FIELD FUNDS.

As evidence of the loyalty of Gould's alumni sons, Melville C. Day, who was a student at the Academy fifty years ago, writes from Rome, Italy, enclosing a check for \$100, and Chas. K. Fox, a prominent business man of Haverhill, Mass., sends \$25, together with a letter of good cheer.

The fund now stands as follows:
Previously acknowledged \$425.00
Melville C. Day 100.00
Chas. K. Fox 25.00

Total \$550.00

PEACEFUL HANOVER BECOMING FAMOUS.

A Hamlet such as Poets Sung About Long Ago.

Has a Remarkable Spring of Medicinal Water.

In the romance of poetry of yore olden times there was much said about the quiet and self contained hamlets with their few hundreds of people who were quite like one great family.

Here and there throughout the country similar communities have escaped the grid and stress of modern commercialism, and present to our view a picture of rustic simplicity that is good to see.

In the very best sense of the idea Hanover, situated in the bend of the Androscoggin river about midway between Rumford Falls and Bethel, possesses the features that inspired the poets of old and might serve to awaken to life some modern muse.

SETTLEMENT.

In 1774 the first settlers made homes for themselves in the vicinity of Howard Pond. At that time the territory was a part of H. then, and so continued until 1803, when it was incorporated as Hanover. The population was less than 300, and has never been above that figure, and is today nearer 300 than 300.

HANOVER SPRING.

At the present time the place is coming into public notice on account of the development of the Hanover Spring by the Hanover Spring Co. of Rumford Falls. This spring has been a source of drinking water supply for the inhabitants ever since there were any in Hanover, and is undoubtedly supplying water that because of its purity it possesses healthful and medicinal qualities.

The CITIZEN man visits the locality the other day. He was induced to do so by the fact that the committee having in charge the banquet arrangements for the Board of Trade, Hotelmen, and Druggists and Grocers of Atlantic City and adjoining places that took place June 5th, had sent a special order for Hanover Spring water for the banquet.

CHARACTER OF SPRING AND THE COUNTRY.

The spring itself is about one mile from the main river road, and on the road to Howard Pond, on whose shores the first Hanoverians settled.

As one travels up the road the ears are greeted with murmuring, splashing, and now and then, musically blending, a gurgling sound that betrays the fact that a brook is flowing near by.

Peeping to the side of the road one is quite surprised to find that he is standing on a precipitous bank, that in reality a ridge formed along the mountain side, and that a hundred feet below there is a stream of water that dashes about rocks and under ledge, projectings, and behind bushes and clumps of trees, in a seeming effort to elude observation.

This brook, that appeals to the fisherman as a "good place" for trout, and to the millman as a source of power, comes from the pond of water that was caught in a sort of basin in the mountains in some prehistoric upheaval of nature, and for countless ages calmly awaited the coming of man.

This little stream that has in its mile and a half length a fall of 300 feet, furnishes the power for several saw mills and a grist mill. The mills are new, and always have been, the only business of consequence, excepting farming.

On the opposite, or east side of the road, the spring is located. It bubbles up at the base of an almost perpendicular cliff that rises to the height of 75 or 80 feet, and continues in a

(Continued on page 5.)

OMISSION.

It is needless to say that in speaking of the Memorial Day procession the reference to the Sons of Veterans was omitted, for the omission has doubtless been discovered by many. We regret this omission very much because an effort had been made to have a goodly representation of the Sons of Veterans and the same was lost, and we offer this as an apology for neglecting to include them in our report of the making of the procession.

DEBATING REVIVED IN HIGH SCHOOL.

Prize Declamations by the Scholars

In Chisholm High School, Rumford Falls.

Last Friday night the final contest in the series of debates that the Highschool scholars at Rumford have been conducting this term under the direction of the Principal, Prof. Gaylord Douglass, occurred at the Chisholm school, before a large and interested audience.

The debating system of study has been somewhat neglected in school training of late and its revival is most commendable and the results very satisfactory, and it will become a permanent feature of school work.

Prof. Douglass offered a prize for the best declamation in the final contest. The contestants being the selected ones during the term's Friday night's contests. The Freshman and Sophomore classes were represented in the contest but the prizes were awarded to the Sophomores. There was a high degree of talent displayed in the declamations, and the audience were well repaid for their attendance.

PROGRAM

Piano Solo, Hattie Israelson '08
Declamation, "King Robert of Sicily" Martha McCullis, '11
Declamation, "The Soldier's Reprieve" Marie Cook, '11
Declamation, "The Defence of Lucknow" Elizabeth Douglass, '10
Oration, "A More Perfect Union" Richard Estes, '11
Piano Duet, Hazel McGreggor, '11, Rand Dunham, '11
Oration, "Lincoln"

Declamation, "John Jones" Clara Farrar, '11
Declamation, "The Story of Fatay" Julia Reed, '10
Oration, "The New South" (Henry Grady's famous Boston speech)

Fred Strassburg, '10
Song, "America" School
Rev. Harold L. Hanson, Rev. E. W. Webster and Rev. George A. Martin were the committee on prizes. They reported that two prizes should be awarded, one to Julia Reed, and one to Fred Strassburg. The prizes were copies of Longfellow's Poems. They were given by the principal.

FIELD MEET.

For the Students of the Bethel Grammar School.

The students of the Bethel Grammar school had a most enjoyable afternoon, last Saturday at Riverside Park for which they have to thank Mr. Boardman who suggested the idea and furnished the excellent prizes, and also F. B. Merrill Esq. who took hold and helped make it a success. The children did remarkably well in the various contests and deserve much praise.

The awards in the various contests were as follows:

50 Yard Dash.

CLASS 1—Clyde Lowe, 1. Wm. Danforth, 2. Philip Smith, 3.
CLASS 2—Ernest Bowler, 1. Gay Kendall, 2. Ana Burgess, 3.

CLASS 3—Ralph Young, 1. Charles Hutchins, 2. Gay Morgan, 3.
GIRLS.

CLASS 1—Marie Park, 1. Maud Young, 2. Marie Bentley, 3.
CLASS 2—Sylvia Swan, 1. Hazel Douglass, 2. Marjorie Green, 3.

1-4 Mile.

Charles Hutchins, 1. Ralph Young, 2. Gay Morgan, 3.

100 Yard Dash.

CLASS 1—Harry Young, 1. Philip Smith, 2. Herman Robertson, 3.
CLASS 2—Clyde Lowe, 1. Wm. Danforth, 2. Harry Williamson, 3.

CLASS 3—Ernest Bowler, 1. Gay Kendall, 2. Charles Todd, 3.
1-2 Mile.

CLASS 1—Ralph Young, 1. Gay Morgan, 2. Charles Hutchins, 3.
CLASS 2—Ernest Bowler, 1. Charles Todd, 2. Harry Williamson, 3.

Potato Race.

CLASS 1—Herman Robertson, 1. Earl Smith, 2.

WANT COLUMN.

Put your Want and Sale notices here and they will be read in 3,000 Oxford County homes—4 lines 1 week, 25c. 3 weeks, 50c.

POST CARD COLLECTORS SEND ten cents and we will mail you 12 beautiful colored post cards, different subjects, carefully selected.

Art Publishing Co., Philadelphia, 101 South 11th St., 6-11

YOUR CHARACTERISTICS told from original handwriting. Scientific and psychological methods combined. Send part of original letter or original composition. Do not copy. Name not necessary. Enclose 25 cents. ESTHER ALLAN, Box 516, Bridgtonville, Maine. 6-22 6 t.

CLASS 2—Ernest Bowler, 1. Ana Burgess, 2. Carroll Valentino, 3.
CLASS 4—Charles Hutchins, 1. Wilfred Foster, 2. Gay Kendall, 3.

GIRLS.

Sylvia Swan, 1. Margaret Herrick, 2. Marjorie Green, 3.

Broad Jump.

Charles Hutchins, 15 feet; Ralph Young, 14 feet, 6 inches; Ernest Bowler, 13 feet, 7 inches.

High Jump.

Ralph Young and Gay Morgan, each, 4 feet, 6 inches; Charles Hutchins, 3 feet, 6 inches.

Besides the prizes awarded as above the boy and girl winning the largest number of points for the day was each given a credit of \$5.00 at the store of W. E. Besserman, to be taken up in anything desired by the winners. Ernest Bowler won this for boys, winning twenty points, and Sylvia Swan for girls, winning ten points.

After the award of prizes the children got together and gave hearty cheers to Mr. Boardman for his kindness in furnishing so many nice prizes and to Mr. Merrill for his interest and help.

BETHEL CREAMERY

Took Fire Last Thursday. Flames Quickly Extinguished.

Fire caught on the roof of the Bethel Creamery last Thursday about noon and as the roof was exceedingly dry the flames spread quite rapidly and it was necessary to call the fire department for help. Mr. Wheeler lost no time in getting water from a hand hose onto the flames and had them well checked when the fire companies arrived and made quick work of extinguishing them. The fire caught from sparks from the chimney.

AN OLD SONG.

"Say, dad, what's that black 'c'rowed making such a noise about?"
"I dunno, son; but I guess they're singing 'In this wheat by and by.'"
Judge.

Children's Dresses

We can show you that it is cheaper to buy your CHILDREN'S DRESSES all made than to make them yourself, and there is that style to them that is not in the home-made ones. A large and choice assortment to select from.

Musical, Concluding of Diplomas, P. R. Hanson.

Singing Class Ode, Rev. Mr. Banghart.

Benediction, "Blessed."

The exercises were interesting and enjoyable. The class parts showed especially careful preparation and were well rendered, reflecting much credit on the school.

CLASS ODE.

(All: Some Day, When Dreams Come True.)

Mildred Whittier Haggood.

I

Today, we meet to say good-bye to the school we love so dear. Oh may we ne'er forget the hours we've spent in pleasure here! Fear happy days have passed away, And now we bid adieu To schoolmates, and to dear loved friends.

Who all have been so true.

CHORUS.

Good-bye, dear Gold's, good-bye! Good-bye to our school so dear. We're going away from you, Schoolmates and classmates dear. When we are far away, Then we will think of you, Good-bye, good-bye, Good-bye to dear old Gold's.

II

The school of life before us lies: Our tasks in life begin. And if we take the path of right, Some hour we shall win. Our motto true, we'll bear in mind, As up the hill we go, And henceforth we were taught to us in days of dear old Gold's.

CHORUS.

COMMENCEMENT CONCERT.

The Commencement concert is always held among the more festive with our people and a full house is always expected and had. The program was furnished by the Bethel quartette of Portland, made up as follows:

Mrs. Grace Farrington Howard, Soprano; Mrs. Mildred Ellen Back, Contralto; Mrs. Frederick A. Kennedy, Tenor; Mrs. Howard A. Kennedy, Bass; Mrs. Howard W. Clark, Accompanist.

PROGRAM.

PART I.

The Lyrics, Mr. Kennedy, Mr. Howard.

A Song of Love, Mr. Howard.

WOMAN'S BACKACHE

The back is the mainstay of woman's organism. It quickly calls attention to trouble by aching, it tells, with other symptoms, such as nervousness, headache, pain in the limbs, weight in the lower part of the body, that a woman's feminine organism needs immediate attention. In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is **LYDIA E. PINKHAM'S VEGETABLE COMPOUND**. Mrs. Will Young, of Columbia Ave., Rockland, Me., says:

"I was troubled for a long time with dreadful backache and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it. After taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augusta Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

"I had very severe backache, and shooting-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with dyspepsia, indigestion, ulcers, dropsy, blood troubles, irregularities, nervousness, headache, that bearing-down feeling, flatulency, indigestion, diarrhoea, or nervous prostration.

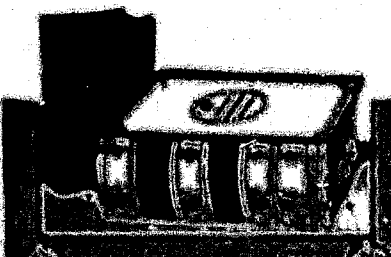

FIFTY YEARS

That is a long time to be in business. But some of the fire insurance companies that we represent have been established even longer than that.

That is the kind of a company it pays to be insured in; a company that has proved its strength by paying its losses—dollars for dollars—for half a century.

We select your business. Let us figure with you before you place your coat policy.

WEBSTER'S INTERNATIONAL DICTIONARY
A Library in One Book
Contains all the words, phrases, and idioms of the English language, with their correct pronunciation, and the origin of each word. It is the most complete and authoritative dictionary ever published. It is the only dictionary that gives the meaning of every word in the English language. It is the only dictionary that gives the correct pronunciation of every word. It is the only dictionary that gives the origin of every word. It is the only dictionary that gives the meaning of every word in the English language. It is the only dictionary that gives the correct pronunciation of every word. It is the only dictionary that gives the origin of every word.

DREAMER

The Dreamer is appalled at the idea of a people being happy while planning for satisfaction. Disputes the Mercurian and thereby sends and nearly paralyses him. Dreamer is cured by reappearance of the three pitifully disappointed. Remembrance for Venus Falls of the bird's back. Descends through space. Watches Venus via a cosmic strand. Is captured by Venusian Women who do not want him.

The Dreamer was appalled at the idea of a race of people planning and doing things with the certainty of attaining them in the face of becoming extinct, within a stated period of time. These again, reflecting upon the might of length of time—some hundred thousand years—he began to take counsel of himself, and soon his mind was filled with the illogical features of the story. He looked at the little fellow before him, with a stare that he believed all at once there came to him the inspiration to kick the fellow for his impertinence.

As the Dreamer began to think the head-shaker had purposely told him the most unlikely story conceivable for the purpose of making him giddy he was. Always having been kind hearted and moderate, the Dreamer suppressed his desire to kick or otherwise harm the little man, but gathered himself for a further explosion that would let the world know that people from the earth knew a thing or two and could not be imposed upon in that manner.

He accordingly said, "I beg your pardon, sir, but you probably have been going without sleep, and are the unconscious victim of an hallucination; for I am bound to credit you with too much sense to expect me to believe all the stories you have so glibly told."

The look of astonishment that overspread the face of the Mercurian, as he attempted to reply.

The Dreamer noticed how disturbed the little fellow appeared, and thought how much the expression resembled that on the face of the old man who said to the Dreamer some years ago, "You ought to be hung, and I would like to do it myself."

After several ineffectual efforts to control his speech, the Mercurian was seized with a fit of trembling, and with his body shaking and his big head wagging, he presented a pitiful appearance.

The Dreamer had compassion upon him and sought to soothe his injured feelings by saying:

"My dear sir, I trust you will forgive me if I have spoken too harshly, but you at least seemed so impetuous to me."

"Inevitably," interrupted the Mercurian, "I have never before heard any one intimate with a thing, and rarely so close and brought up on the subject of the earth and of its world."

The Dreamer began to realize that the poor fellow was in earnest, and was seeking to compare up something to say to cheer him up, that did not involve acquaintance in the absurd idea that he had put forth.

As the Dreamer was about to speak, he beheld the form of the helioboloid-like creature with pitifully, and sharp lightning-like convulsions from the time thereof.

The Dreamer then looked at him in the most watchful and menacing manner, and that, with the red hot lines of the beautiful pinkish painting at his, was sufficient to cause the Dreamer to change his mind, so he addressed the Mercurian in very mild tones, saying:

"I beg your pardon, my dear sir, please excuse me."

As this was said, the horrible helioboloid-like creature with pitifully, and sharp lightning-like convulsions from the time thereof.

The Dreamer then looked at him in the most watchful and menacing manner, and that, with the red hot lines of the beautiful pinkish painting at his, was sufficient to cause the Dreamer to change his mind, so he addressed the Mercurian in very mild tones, saying:

"I beg your pardon, my dear sir, please excuse me."

WIT AND WISDOM.

Tart.
Miss de Bris—Where does Pearl Philberry get her complexion?
Miss Ditzblonde—From her parents, I believe.
Miss de Bris—Oh, they are chemists!

Thinks It Saved his Life.
Lester M. Nelson, of New York, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee by W. H. Roseman, Bethel, Me.; Fernald, Rumford Falls; Nathan Reynolds, Canton; J. P. Johnson & Co., Dixfield; H. J. Reynolds, Hallowville. 50c. and \$1.00. Trial bottle free.

These Hard Times.
Murray Hill—My gracious, man! why are you rushing out of Cherry's in this way?

Riverside—Let me go! I haven't tipped my waiter—Judge!

If one feels dull and spiritless in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The excess are mostly at fault. First, worn-out nerves leave us languid, listless and without spirit or ambition. A few doses of Dr. Sheep's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative promotes general vitality, brings you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a tonic and general tonic. It gives more vim and more spirit to the apathetic than any other known tonic or constitutional tonic. It sharpens a falling appetite, aids digestion, forces sluggish livers and kidneys, and brings new life, strength and ambition. Trust it a few days and be convinced. It is H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

The Quickest Way.
Excited Messenger—Oh, doctor, a man has just jumped from the sixth floor of the Empire building!

Dr. Keeler—Which way did he go?

—Back.

Weak women should try Dr. Sheep's Night Cure. These scorching, burning, scorching, scorching, go directly to the seat of these weaknesses. My "Book No. 4 For Women" contains many valuable hints to women, and it is free. Ask Dr. Sheep, Bethel, Me., to mail it. Ask the Doctor in strictest confidence, any questions you wish answered. Dr. Sheep's Night Cure is sold by H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

Don't Spend Anything.
Smith—How's the world treating you, Jones?

Jones—Awful! I feel so poor now—days that I'm beginning to begrudge spending an evening—Judge.

To stop any pain anywhere, in 20 minutes, simply take just one of Dr. Sheep's Pink Pain Tablets. Pain means constipation—blood pressure—that is all. Dr. Sheep's Restorative or Pink Pain Tablets—will quickly clear blood pressure away from your system. After that, pain is gone. Headache, Neuralgia, painful periods with women etc. get instant help. 20 Tablets 25c. Sold by H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

An Old Song.
"Say, dad, what's that sock a-crow making such a noise about?"

"I dunno, son, but I guess they're singing 'In this wheat by and by'."—Judge.

"Health" is really the closest of all human joys. It is the most precious of all human possessions. It is the most valuable of all human assets. It is the most important of all human considerations. It is the most essential of all human requirements. It is the most fundamental of all human necessities. It is the most basic of all human foundations. It is the most solid of all human structures. It is the most secure of all human investments. It is the most profitable of all human enterprises. It is the most successful of all human ventures. It is the most fruitful of all human endeavors. WIT AND WISDOM.

Tart.
Miss de Bris—Where does Pearl Philberry get her complexion?
Miss Ditzblonde—From her parents, I believe.
Miss de Bris—Oh, they are chemists!

Thinks It Saved his Life.
Lester M. Nelson, of New York, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee by W. H. Roseman, Bethel, Me.; Fernald, Rumford Falls; Nathan Reynolds, Canton; J. P. Johnson & Co., Dixfield; H. J. Reynolds, Hallowville. 50c. and \$1.00. Trial bottle free.

These Hard Times.
Murray Hill—My gracious, man! why are you rushing out of Cherry's in this way?

Riverside—Let me go! I haven't tipped my waiter—Judge!

If one feels dull and spiritless in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The excess are mostly at fault. First, worn-out nerves leave us languid, listless and without spirit or ambition. A few doses of Dr. Sheep's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative promotes general vitality, brings you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a tonic and general tonic. It gives more vim and more spirit to the apathetic than any other known tonic or constitutional tonic. It sharpens a falling appetite, aids digestion, forces sluggish livers and kidneys, and brings new life, strength and ambition. Trust it a few days and be convinced. It is H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

The Quickest Way.
Excited Messenger—Oh, doctor, a man has just jumped from the sixth floor of the Empire building!

Dr. Keeler—Which way did he go?

—Back.

Weak women should try Dr. Sheep's Night Cure. These scorching, burning, scorching, scorching, go directly to the seat of these weaknesses. My "Book No. 4 For Women" contains many valuable hints to women, and it is free. Ask Dr. Sheep, Bethel, Me., to mail it. Ask the Doctor in strictest confidence, any questions you wish answered. Dr. Sheep's Night Cure is sold by H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

Don't Spend Anything.
Smith—How's the world treating you, Jones?

Jones—Awful! I feel so poor now—days that I'm beginning to begrudge spending an evening—Judge.

To stop any pain anywhere, in 20 minutes, simply take just one of Dr. Sheep's Pink Pain Tablets. Pain means constipation—blood pressure—that is all. Dr. Sheep's Restorative or Pink Pain Tablets—will quickly clear blood pressure away from your system. After that, pain is gone. Headache, Neuralgia, painful periods with women etc. get instant help. 20 Tablets 25c. Sold by H. B. Packard, Bethel, The Red Cross Pharmacy, Rumford Falls.

An Old Song.
"Say, dad, what's that sock a-crow making such a noise about?"

"I dunno, son, but I guess they're singing 'In this wheat by and by'."—Judge.

A Splendid Chance.

Everybody who is weak, delicate or sickly wants to get well. Dr. Green's of 21 Temple St., Boston, Mass., makes a specialty of treating patients free through letters correspondence. The whole thing all suffering people can do is to write Dr. Green, stating just how they feel, mentioning every symptom of which they complain, and he will answer the letter, explaining each symptom and describing the case so thoroughly that patients understand their condition as well as though they had talked with the Doctor. He makes his explanations so clear that they cannot help but understand just what ails them, and he tells exactly what to do to get well. It is a journey to the city and doctor's fees, and costs nothing. Dr. Green is the most successful specialist in curing nervous and chronic diseases. He is the discoverer of that wonderful medicine, Dr. Green's Nervine Tonic and nerve remedy. Thousands are being cured through his perfect system of letter correspondence. It is his own secret.

Don't miss this offer, please be sure to get it.

NORWAY AND SOUTH PARIS

Danger From High Water.

The lake at Norway is higher than has been known for years, some say higher than was ever known, and there has been some anxiety about the dam holding at the outlet of the lake, but the danger, if there was real danger of anything giving way, passed, and the water is slowly falling. Some of the boat houses, at the outlet, were out of service several days on account of the high water.

Baccalaureate Sermon.

The graduating class of Norway High School was favored with an able, interesting and eloquent baccalaureate sermon, delivered by Rev. B. S. Kidout, in the Congregational church. There were fifteen graduates who were ushered to their place in the church, with all due grace and ceremony by the Marshal, H. D. Tuttle. The decorations included the national flag, flowers, and the class colors, dark blue and gray. Excellent music was furnished by the choir, and the audience filled the church.

Mr. Kidout, took his text, in part, from Matt. VI, 33. "But seek ye first the Kingdom of God and his righteousness and these things shall be added unto you" and part from 1 Tim. I, 7. "For God has not given us the spirit of fear, but of power and of love and a sound mind."

He urged the members of the class to seek high ideals, and pursue them with diligence and patience. Honest work with solid character would win in the end. Those who had wasted the opportunity for a right preparation for their great life work, should lose no time, but begin at once a system of discipline which would lead them on to true success.

Iron Bridge.

One of the best things in permanent road building is the iron bridge. It may cost more when put on but if wisely selected, it will out wear any wooden bridge, thus in strength and durability will more than compensate for the extra first cost and is by far the cheapest in the end. Two new iron bridges are to be placed where an old wooden one spans small streams in the town of Paris. At the March town meeting an appropriation was made for these and they are now here ready to be placed.

One will be on Hill street, South Paris, crossing Stony Brook, near the Grange hall and Foundry. The other will be on the road to Trap Corner. The first bridge is 36 ft. long and the second 28 ft. but each have a 14 ft. roadway.

The Canton Bridge Co. of Canton Ohio are the makers of the bridges.

New Concrete House.

The new concrete house on Pine street was up, closed in, roof complete, and practically done outside, in just three weeks from the time the first shovel of sand was thrown out of the place where the foundation was going in. Carpenters and Plasterers are now at work inside finishing up, ready to occupy. It is a house of eight rooms with bath, and electric lights. These cottages make a nice home for a small family. They are next in appearance and substantial, a great improvement to this street, one of the best in South Paris, to build on. On this street is the new High School building, and the Universalist Church built in 1903.

Moore Park.

Never looked better than it does this spring, with its nicely trimmed walks, bright green sward evenly mowed, and the maple trees now in full foliage, making the whole a picture of beauty pleasing to the eye, and enticing to the passer by these warm sunny days, where the comfortable seats in the shade, look so restful.

This park has not only admirers but its patrons who enjoy its beauty and its comfort. It is a spot for the town's people, and especially those in the village, to be proud of.

Pythian Sunday in Norway.

Fellowship Lodge No. 18 Knights Pythias observed Memorial Sunday, June 7, Members of the Lodge, the Sisters and invited guests from Hamlin Lodge, South Paris met in Castle Hall at a well-attended and successful service. A committee from the ranks were sent to Pine Grove Cemetery where fully twenty graves were lovingly remembered.

The Memorial service followed in the Baptist church, and was delivered by Rev. Howard Christopher of Mechanic Falls. The discourse emphasized not only love, charity and brotherhood in the fraternal sense, but a more extended meaning, carrying the principles to the home life and a deeper sense of our indebtedness for good citizenship even at the ballot box.

The Congregational choir, with Mrs. Norman, organist, furnished appropriate music.

Tax Rate.

The tax rate in Paris, this year, will be 12 cents per \$100. Last year it was 10 cents.

W. B. ROBERTS, Assessor.

Special Service.

Mrs. Ellen M. Stone, the Bulgarian Missionary, who was captured by Brigands and held prisoner for a long time, and was at last delivered to U. S. authorities by demand of the U. S. Government, has been engaged to speak at a union service in South Paris, Sunday evening, June 28. The place of the meeting will be announced later.

A "Merry-Go-Round" has made its appearance in Norway and is located on the open lot at the corner of Alpine and Paris streets, near the fair grounds.

Colby & Co. are now building another and a larger concrete building on Wheeler street in a slightly location where it will be noticeable from many directions.

The new street, Wheeler, will furnish opportunity for building many houses not far from the Paris Manufacturing Co.'s plant where houses are in great demand.

WEST PARIS.

Alton Day took 14 in a hayrack to the Childrens Day meeting of Franklin grange, at Bryans Pond, and several of the children who went from here took part in the music and recitations on the program of entertainment.

W. H. Lurvey is having work for several weeks at Backfield, where he has charge of putting up a new telephone line.

The fire company tested the Paris Manufacturing Company's steam pump last Saturday afternoon and find it a very good fire protection for the center of our village. 3600 feet of the new hose was attached to the mill hose and at the house of L. C. Bates, on Main street, well over the tops of the 2 story houses. This with the chemical engine would be quite a help in case of fire, and our people hope a complete protection for any small blaze.

Mr. and Mrs. Samuel Estes are having a fishing trip and C. H. Bates, Emerson, G. Curtis, H. H. Wardwell and Millard Emmons, have just returned from a fishing trip in the Lake region.

S. Berry Locke, of this place, graduates this week from the University of Maine, at Orono. He will go to Indian township in Washington Co., where he will do some forestry work which is his specialty.

Augustus S. Dunham has been pensioned off by the U. S. R. R. and has come here from Danville to make his home for the present with his daughter Mrs. C. E. Barden.

Mrs. Jesse Dexter, recently visited a few days in Lewiston.

SOUTH PARIS.

Miss Wilma Merrill has returned to her home in Westbrook. She has been visiting Mrs. Howard Shaw. Mrs. Nellie Bean, of Berlin N. H., is visiting at her cousin, J. H. Bean. Mr. A. E. Morse left here Wednesday, for a trip in the eastern part of the state.

The Epworth and Junior Leagues have been invited over to Mr. T. M. Davis's Thursday evening of this week. Rev. A. T. McWhorter will present the baccalaureate sermon to the graduating class of Paris High School, at the Congregational church, Sunday, June 14, at 2:30 o'clock.

Mrs. Allen C. Wheeler was in Auburn last week.

Herbert Hiller is seriously ill.

Mr. John Caverly formally of this place is visiting here.

Miss Helen Chapman who has been attending Bates Business College is at home now.

Ray Mird, Robert Wheeler, Lewis Keane, and Chester Merrill are at home from the University of Maine for their summer vacation.

Ray Foster is at home from the Ames, Iowa, Agricultural School for the summer vacation. Prof. Bates accompanied him home.

Mr. Harry Wheeler is at home. He was called home on the account of his mother, Mrs. P. R. Wheeler, who is failing rapidly.

Parents, teachers, reformers, laborers rely on Dr. Thomas' Eucalypti Oil. Take the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

Paint Wear. Faster Time is Used in PORTLAND PAINTS. It is not wise to use paint that has a lasting friendship with this wearing follow.

W. B. ROBERTS, Assessor.

NORWAY.

"The Christian" produced by Carl-rieh Social Players in the Opera House, June 8, was a success. The scenic effects, electrical display and costuming out classed anything which he has previously given. The individual acting, set each member of the cast as a star in that particular role. Stearns Orchester with Iza Pike at the piano, never did any better work. Because of a general call from a great many people, the play will be repeated in full, June 19.

The auction at E.C. Libby's Saturday afternoon, of Mrs. Minards household goods, drew a large crowd of bidders. Geo. Cole was master of ceremonies and auctioneer.

The settling of some large timbers about the flume of the Pennessewassee lake outlet, caused no little uneasiness in town last week. The heavy rains brought up the pond to the spring level causing more pressure than the rotten wood could stand. Supt. Howard Young hustled his crew on to the scene and with props managed to relieve the danger until permanent repairs can be made.

Mrs. Horace Sanborn (nee Minnie Dargis) of Portland, is visiting at Mrs. Herman Horn's and Mrs. Geo. Holmes. She also divides her vacation among a host of friends in the village.

The High School Graduation Thursday eve, was a complete success. The Opera House being crowded with the relatives and friends of the retiring senior class. A delightful program was arranged and carried out perfectly in every detail. The Grand Ball Friday evening given by the '08 class with Stearns orchestra at its best, delighted full seventy couples, who gaily danced until 1 a.m.

Merrill, the photographer, took a flash-light picture of the full cast of "The Christian" after the show. The photo is a good one and is having a heavy sale.

Schools finishing Thursday, gave the youngsters the chance of their lives. Friday being the "good time day," must certainly have proved the strenuous day for the teachers. The fourth grade enjoyed the day on Cola's Hill, up Pleasant street. Fifth and Sixth grades captured Denley's grove at So. Paris, besides owning two special electric cars for a whole day. The Seventh and Eighth sailed westward to Gibson's grove on Downings "Zanite." Every body who went, no matter where, played base-ball, ate the basket lunch to distraction, romped and shouted and had a grand good time.

Gupill & McKen started their Merry-go-round on the circus grounds near Alpine street, last Saturday evening and had a fair run of business. The machine has been overhauled, freshly painted, and ought to catch many stray nickels. Both owners are gentlemen and popular with the young patrons.

Eugene Stevens has returned from his Moosehead Lake trip and will remain at home a few weeks.

Oxford crossed bats with West Paris at the Fair Grounds Saturday afternoon. The game ended 10-0 in favor of about evenly divided, but the West Paris boys seemed to take kindly to the supposed invincible Adams curves, and kept the ball rolling toward deep field. Yet above all several of the Oxford team tried the high wire act which always proves a benefit to the other fellow. The final result amounted to a victory for West Paris, score 8-4.

Stones, the photographer, is showing some fine post cards taken at Harz Post 21, Memorial Day. Not many years hence these souvenirs will be highly treasured by the scattered citizens.

Herbert A. Rich & Son are busy these hot days delivering Mineral Spring Water.

People appreciate good pure water, and Verne Rich the popular driver dispenses of a hundred and fifty gallons of the sparkling product daily. Twenty-five gallons are consumed every working day in the shoe factory alone.

Speaking of ball games being some, what do you think of this one. Our High School team drove to Mechanic Falls and played the High School nine there an eleven inning game to the time of 1:0 in Norway's favor. Only one error being given to each club. Odell Rich acted as coach for the boys from here.

About thirty members of the Am department assembled in Eugene H. Hall Sunday morning. Following a procession headed by Chief Engineer C. H. Hathaway, they marched to the Baptist church where a special program and services had been carefully prepared.

Parents, teachers, reformers, laborers rely on Dr. Thomas' Eucalypti Oil. Take the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

Paint Wear. Faster Time is Used in PORTLAND PAINTS. It is not wise to use paint that has a lasting friendship with this wearing follow.

Thousands Have Kidney

Tremble and Never Suspect Me.

Most people do not realize the alarm of increase and remarkable prevalence of kidney disease.

While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y.

When Dr. Kilmer's Swamp-Root is written mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

- Saturday at \$1.47
- Saturday at 5c for C. & S.

E. K. Day Co. and G. A. Peabody Co.

A RUMFORD TOWN MEETING CALLED.

Continued From Page One.

The principal objection heretofore has been the great cost of it. At the present time the cost of building material, particularly structural iron, is very low in price and the work can be done much cheaper now than ever before.

It is sure that at no far distant day the present foot bridge will have to be replaced and that fact taken together with the low cost of construction now prevailing makes the present a most favorable opportunity to undertake the work.

There are natural rock foundations for bridge abutments at points a few rods north of the foot bridge, on both sides of the river.

The building of a bridge at this point will provide Mead, Roxbury, Andover and other up-country people with easier and more direct access to the business part of the town, and will accommodate a very large proportion of the West side residents.

The bridge is to be viewed in the light not only of a present but a permanent but a future necessity.

DEATH OF EMERSON MURCH OF DIXFIELD.

Last Saturday, at one o'clock A.M. occurred the death of Emerson Murch, a much respected citizen of Dixfield. He had been a sufferer for several years with a complication of ailments, although he had been confined to the house but a week at the time of his death.

Mr. Murch was born in Dixfield fifty three years ago and married to Dixfield twenty one years ago, and has since made his home there. Early in his residence he proved himself a man worthy of the esteem and confidence of his fellow men and his life has been such that that respect continued to the end. The large attendance at the funeral service was a testimony to the regard in which he was held by the community.

Rev. H. W. Webber preached the funeral service. There were also musical services rendered by the King Henry Lodge of F. and A. M. of Dixfield and the Eastern Star of Rumford Falls. The deceased leaves a widow, an aged father and one brother. The burial was at Dixfield.

BROTHERS IN A SQUAB.

Ed and Harry Siddalls of Rumford Falls were arrested by officers O'Neil and Elliott, Saturday, while engaged in a fight on the lot fronting Canal dam. They were in court Monday morning and paid a fine of \$5.00 each.

RECITAL.

The pupils of Prof. FRANK J. Rigby will give a recital at the University of Maine Monday night, June 15. This will be an entertainment of great merit, and should attract a large audience. A feature of the entertainment will be recitations by the Junior band.

AS TO HIM.

Little Ikey Kewer (reading criticism of our story)—What do you think, pop? Der kids at Dixfield averaged only one-and-a-half per cent.

Mr. Kewer (teacher manager)—Well, dey don't average any more as Dixfield, dey only—Pop.

After the Henchmen.

"Boo-hoo!" sobbed Cynthia under her blue bonnet. "I don't believe you love me any more."

"Wall, I do declare," laughed Jason, as he washed the milk pails, "what put that idea into your head, little gal?"

"Why, before our marriage you used to honey me up and say I was as sweet as sweet elder and now you say I am sour."

"Oh, don't worry, pet. Even the sweetest of sweet elder turns to vinegar after a time."

Dorothy's View.

"Mamma," said little Dorothy, "what makes Uncle Ben look so funny?"

"Hush, child," hastened the mother, "Uncle Ben is what they call a 'wise old saw'."

Dorothy looked at the myriad of frowns on the old gentleman's face.

"Decious, mamma!" she whispered. "He looks so cross he must be one of those 'crossed' saws like they say his legs with."

To Maintain Health.

There is an erroneous idea in the minds of many as to what constitutes a proper physique. A man can be

strong physically without great stature and huge muscles. If he has a wiry frame, a body that resists disease, he can indulge in many hours of severe brain work. He will make it a rule, however, to take sufficient physical exercise to keep his system in good working order.

Mental Struggle.

"A great struggle takes place in a woman's mind when another woman asks what her new gown cost," remarked the thoughtful thinker.

"What's the answer," queried the unsophisticated youth.

"She's in doubt whether to cut the price in half and make the other woman envy her bargain, or double it and make her envy her absence," replied the f. t.

Did You Ever.

Passenger—This is a very slow train, conductor.

Conductor—Yes, sir! I think it's the fault of them sleeping cars behind.

Evidently a This in the Family.

"Do you think Emma's hair's career has been a success?"

"Not if you judge a man by his nose."

TOWN OF BETHEL.

(Continued from Page One.)

near Skilling's mill. Here the Red-skins found Nathaniel Sugar, Jonathan Clark, Eleazar Twitchell and Benjamin Clark. Capt. Twitchell watched his opportunity and cleared out, but the less fortunate neighbors were marched off to Quebec, yet found their way back through an exchange of prisoners a year or so later.

Because of this sudden disturbance, a log fort with quarters for a small garrison was built on the island near the grist mill settlement, near the present home of N. F. Brown, and soon sheltered soldiers, sent on the strength of a petition. Settlers who could not reach the legally sought safety each night with in this enclosure, until the excitement abated. As time passed and no further attempts were made by the Indians to repeat their treachery, the influential proprietors commenced to do a little "gum-shoe" work, and offered great inducements to young men if they would take up the many vacant claims scattered over the township. Many came, through alluring pictures of valuable forests and wealth, thus the population increased rapidly and the proprietors' dreams were realized.

The first census taken in 1790 shows a little over 300 persons, both male and female within the limits. Five years later nearly 150 more had arrived, so Bethel, Canada was literally booming.

Early in 1796, men of affairs began to discuss a more efficient organization, so a petition was drafted and presented to the Massachusetts Legislature or General Court, asking to be incorporated as a town with all its legal rights.

In framing up the final document, some friction over a proper name for the new town seemed to have developed. Capt. Twitchell suggested "A.," and Rev. Elipha Chapman proposed the good old Bible name, Bethel, the "House of God." A majority vote decided the contest and Bethel for a name was sent along with the petition.

The act passed the House of Representatives, the Senate and received the signature of Gov. Samuel Adams, June 10th, 1796.

W. S. CHANDLER,
Norway, Maine.

Glasgow for His.

"This orange marmalade comes from Scotland," said a grocer. "Nice—on the Riviera, you know—also turns out a marmalade."

"I visited the Riviera last winter. The sewage of Nice runs into the blue Mediterranean, and you can see it coating on the sunlit water, with gulls swimming about like great flies."

"Sometimes it is washed ashore. You study it from the Promenade des Anglais—cabbage tops, bottle-wrappers of straw, orange skins, lemon skins, soft green masses of vegetable refuse."

"And day by day Nice men patrol the shore, selecting from the garbage all the orange skins, which they thrust into large burlap bags."

"Will you have the Nice or the Glasgow marmalade? The Glasgow? Thank you, sir."

Bringing Out the Best.

Do you know those people who always bring out your best?

You should not be ungenerous or spiteful in their presence. That is a beautiful effect for a woman to have on her home. Thousands of men produce their finest work in the world through the influence of a wife, mother or sister, who brings out the best that is in them.

On the other hand, many men have perpetrated wholesale cruelties, have committed great crimes and left a fastidious mark on history because some woman, of an unhappy home, has brought out their worst.

Maine Central R. R. Co., Bangor,
V. P. & M. E. F. & M.

THE HOME CIRCLE.

Pleasant Recreations—A Column Dedicated to Tired Mothers
as they Join the Home Circle at Evening Tide.

Editor's Note.—It is our desire to make this department one of the most in-
teresting and valuable features of the whole paper. To this end we ask the as-
sistance of our readers. Choice verse and gems of thought will be gladly re-
ceived. Here are our thanks for anything that our friends have sent or may send.

A woman's bureau drawer will hold half
— a ton of clothes,
A parrot, some handkerchiefs, and good-
ness only knows
How many scores of other things within
It she may store,
And yet there's always lots of room for
twice as many more.

But give a man that self-same drawer
And just one pair of socks,
An undershirt, some dirty cuffs, an
empty collar box,
And when he puts them in, its capacity
he'll gloat,
And fill it up as awful full, he'll never
get it shut.

Just where those art lift up thy voice,
And sing the song that stirs thy
heart;
Reach forth thy strong and eager hand
To lift, to save, just where thou art.
Just where thou standest light thy
lamp,
'Tis dark to others as to thee;
Their ways are always hedged by un-
seen thorns,
Their burdens fret as thine fret thee.

Out yonder, in the broad, full glare
Of many lamps, thy own night pale;
And thy sweet song, amid the roar
Of many voices, slowly fall;
While these thy kindred wandered on
Unheeded, delighted to the end;
Near to thy hand thy mission lies,
Wherever and hearts need a friend.

Make This A Day.
Make this a day. There is no gain
In breeding over days to come;
The message of to-day is plain,
The future's lips are ever dumb.
The work of yesterday is gone—
For good or ill, let come what may—
But now we face another dawn.
Make this a day.

Though yesterday we failed to see
The sowing hand and earnest face
That men call Opportunity,
We failed to know the time or place
For some great deed, what ailed to find
The dawn comes up a silver gray,
The golden moments must be met.
Make this a day.

This day is yours; your work is yours;
The odds are not who pays your day;
The things accomplished—that endure,
If it be what the days require.
He who takes up his daily round
As one new sinner for the day,
To narrow steps on still ground.
Make this a day. — Selected.

Young people should remember that
you cannot trust a man simply because
you see the golden rule placed on the
front of his hat.

Three days we sit on the sunny
side of the car, with the sunny
side of the street and at the sunny
side of the house. But we also
walk on the sunny side of life and see
the sunny side of the departed things
of life.

Supplement what the children learn
at school with reading lessons at
home. Reading alone is good, will
improve the reading of the reader, and
give information to members of the
home circle who may be obliged to
work with their hands in the evening.

When tempted to criticize the food
on the home table, remember the ad-
vice that science is golden. Criticism
is never so unbecoming to the house-
keeper as at the table, where, in spite
of hard work and worry, things will
occasionally appear that are not as
she had planned.

A Toast to Gentlemen.
The following toast to gentlemen is
being read by a lady contributor:
Gentlemen! They have our joys, they
share our sorrows, they bring out our
best, they quench our anger, they soothe
our impetuosity, they increase
our self respect, when our culture
sins, across our shoulders, control our
property, and out measure us in
everything. This world is a dreary
world without them. In fact, I say
my without prospect of successful con-
struction, that without them this
world is to be a world of sorrow.
We have them, and the best thing
we can do is to be contented with them.
The greatest blessing that we can have
is to have them. — F. E. M.

not always on hand; as beaux they are
by no means "matchless." They are
most agreeable as visitors, handy at
state fairs, and indispensable at oyster
saloons. They are splendid as escorts
for some other fellow's wife or sister,
and as friends they are better than
women. As our fathers they are inex-
pensively grand. A man may be a
failure in business, a wreck in consti-
tution, not enough to boast of as
beauty, nothing as a wit, less than
nothing as a legislator for women's
rights, and not very brilliant as a
member of the press, but if our father
we overlook his shortcomings and
cover his peccadilloes with the divine
mantle of charity. Then as our hus-
bands, how we love to parade them as
paragons! In the sublime language
of the poet:
We'll lie for 'em,
We'll cry for 'em
And if we could we'd fly for 'em;
We'd anything but die for 'em.

Starting in Life.
You are sore to leave and break
away from the tender ties of home,
and go out to seek your fortune in the
world. Let us whisper a few words
of counsel. We suppose you wish to be
rich; most people do. We don't think
riches desirable. We should be sorry
to have inherited wealth. But a com-
petence is very desirable, is indispen-
sable. Well, the way to get it is by
forethought to plan, industry to execute,
and prudence to keep the earnings of
your work. Get what you honestly
earn, but never take more. Money is
by no means the best thing in life.
You are here in this world to become
a good man, a wise man, a just man,
an affectionate man, a religious man.
Work for you makehead as much as
for money; take as much pains to get
and as much to keep it. Keep clear
of vice, especially intemperance, gam-
bling and licentiousness. These three
ruin thousands of young men every
year. Be not gloomy, sour and stiff.
Cheerfulness, gaiety, liveliness and
mirthfulness belong to your period of
life. You will find little real pleasure
in anything your conscience forbids.
As you have opportunity, cultivate
your mind and forethought, prudence
and industry will help you here as
much as in getting money. And now
would you prefer the sunshine of life
forever! We must say to you there
is no real happiness in life without re-
ligion. It is a restraint from doing
wrong, an encouragement to do right,
and a great comfort at all times of
life. And finally, remember, though
absent from the sight of the dear ones
at home you will ever live in their
hearts, and their highest earthly wish
will be that you may prove yourself a
good man.

The Comfort of Being a Boy.
There is a comfort to be a boy in the
amount of work he can get rid of do-
ing. It is sometimes astonishing how
slow he can go on an errand; perhaps,
he couldn't explain to himself why,
when he is sent to the neighbor's for
groceries, he steps to store frogs. He
can't exactly crawl, but he wants to see
if he can hit 'em. It is a curious
fact about boys, that two will be a
great deal slower about doing any
thing than one. Boys have a power of
bumping each other do nothing. But
why what you will about the general
confusion of boys, a farm without a
boy would soon come to grief. He is
always in demand. In the first place
he is able to do all the errands, go to the
store, postoffice, and carry all sorts of
messages. He would like to have as
many legs as a wheel has spokes, and
rotate in the same way. This he
sometimes tries to do, and people who
have seen him "tumbling cart wheels"
along the side of the road have sup-
posed he was something himself and
hiding his time. He was only trying
to invent a new mode of locomotion, so
he could command his legs, and do
his errands with greater dispatch.
Lump-frog is one of the methods of get-
ting over the ground quickly. He has
a natural genius for combining pleas-
ure with business.

The parents who raise their sons to
be officers are doing them an unpleas-
ant harm. Every boy is entitled to
know by actual experience what hard
military labor means, and to get the
benefit that comes from conquered
monsters and a tattered skin.

WHEAT AND TARES

Now the country's spread all over
With the sunshine, and the breeze
Plays among the big red clover
With the clumsy bumblebees;
Bongsters hide in leafy covers
From the brightness of the noon,
Then, like serenading lovers,
Sing their love-songs into June.

Those who pay as they go find the
going pleasant.

With God,—go over the seas,
Without him,—not over the thresh-
hold!

Suppose we put a half-kick on our
dispositions.

Dare to be a Daniel
Dare to stand alone!
Dare to have a purpose firm!
Dare to make it known.

A contented mind is a continual
feast.

Some men haven't so much push as
a frog has in one hind leg.

Nine tailors make a man, but a wom-
an can make fools out of a dozen men.

The year's at the spring!
And day's at the moral
The lark's on the wing,
The swallow's on the throat!
God's in his heaven—
All's right with the world!
—Browning.

The garden has a hundred heads—
growing on the cabbage; it has a
thousand eyes—showing on the pota-
toes; it has any number of ears—
hanging on the sweet corn; and it has
all the toes it wants, too—on the toma-
toes.

Learning Early.
A Sunday school teacher had been
telling her class the story of the Good
Samaritan. When she asked them
what the story meant, a little boy
said: "It means that when I am in
trouble my neighbors must help me."

"Don't you believe in love at first
sight?"
"At first sight, yes; but it is better
to take another look!"—London Opti-
cian.

Building Nests in 1902.
In order to complete the one hun-
dred and tenth story of the Sky-scraper
building, the contractors will have to
raise the sky three or four feet.—Har-
per's Weekly.

Watch your neighbor and if he is do-
ing well, imitate him. But rather
make it worth while for your neighbor
to imitate you.

Before going to town, or calling on a
neighbor, shine your shoes, brush your
teeth and clean your finger nails, and
surround the four corners of your mouth
with a broad smile.

Some Moments.
"This bill for \$1,200 is altogether too
high," said the client.
"But didn't I prove you were crazy
and get you acquitted," replied the
lawyer.

Sun or Moonlight.
Gruffy George—Dad broke what gave
me de dime said he didn't believe I
ever took a bath. I told him I often
took an imaginary bath.
Sandy Pikes—And what kind of
baths are imaginary baths, dad?
Gruffy George—Why, immune from
soap and water.—Chicago Daily News.

Cutting Down the Thorns.
"Old Abraham took his son into the
business as a partner so der boy
couldn't steal so much and der old
man's money."
"We want to steal as much!"
"Now, then, be steady a teller be
stead half cut it from himself!"—
Judge.

Thinking of Kittens.
"Fagi!"
"Yes, my son."
"How many days does it take to
bore a potato gets its eyes open?"—
Yankees Magazine.

Too True.
Crimeanbeck—This guest is a low-
down complaint, don't you think?
Toad—Why not?
"He always strikes a man below the
belt!"—Yankees Magazine.

The Wryter.
"Jones just refused a cigar. I
thought he was an inveterate smoker."
"Oh, that's all right. He's only
sworn off until after Christmas, so he
won't give him cigars."—Judge.

ATHERTON'S

Is opening a line of GO-CARTS and baby
carriages not to be equalled in variety of
patterns and low prices for quality given.

It is enough to say that the
buyers have selected the best
of the

Whitney, Heywood
and Allwin Lines
at prices from
\$2.00 to \$33.00
